

2016 FN 3-Gun Championship

September 1-3, 2016

*Peacemaker National Training Center
Glen Gary, West Virginia*

GENETICS.

ONLY \$599 MSRP

The FNS-9 is a polymer-framed, striker-fired 9mm, with a 4" cold hammer-forged barrel and polished feed ramp. It features fully ambidextrous controls, a loaded chamber indicator, smooth trigger safety, a crisp, audible-resetting trigger, 1913 picatinny rail, and three 17-round magazines. See it at FNAMERICA.COM.

THE WORLD'S MOST BATTLE-PROVEN FIREARMS.

On behalf of FNH USA, their employees and Team FN we would like to thank you for your attendance to this year's event.

Please also take a moment to thank all the sponsors who have contributed to the prize table. Remember when making your next purchase, support those who support you.

Match Participants, thank you for choosing to participate in our event. We believe we have assembled stages that will test your shooting ability and the match staff will ensure you have a great time and a safe time. Please take a moment to thank the staff on each stage. They are out working hard so that you can enjoy your shooting experience.

COVERT.

FNS™-9 | **\$599**
COMPACT | **MSRP**

Since 1897, FN firearms have borne the DNA of legends, from John Browning to the brave soldiers who defend our freedom. Today, the same heart, soul, and genius go into our FNS-9C, a compact-framed, striker-fired 9mm with ambidextrous controls, interchangeable backstraps, and a grip angle providing unmatched natural point of aim. See the full line of FN handguns at FNAMERICA.COM.

THE WORLD'S MOST BATTLE-PROVEN FIREARMS.™

Stage 1

2016 FN 3-Gun Championship

Targets:

- 3 Auto-poppers that may only be engaged with rifle
- 2 Gongs that must be engaged with both pistol and slugs
- 5 Cardboard 3GN that may be engaged with pistol, rifle or slugs
- 16 Knock-down steel that may be engaged with pistol or shot

Start:

Standing with muzzle of loaded rifle touching mark on barricade, with safety on. Shotgun slung, with bolt forward on an empty chamber and completely unloaded. Pistol holstered, with slide forward on an empty chamber and completely unloaded.

Procedure:

Engage 3 auto poppers once each using any step, port, or side of barricade, then re-engage the same 3 auto-poppers using a different step, port, or side of barricade, then re-engage the same 3 auto-poppers a third time using another different step, port, or side of barricade. Engage the remaining arrays in any order: Cardboard 3GN with either pistol, rifle, or slugs. Knock-down steel with either shot or pistol. Gongs must be engaged once each with pistol and once each with slugs. Each gun must be grounded safely in supplied appropriate bunker before loading the next.

H&M
BLACKNITRIDE™

Targets:

- 24 Knock-down steel that may be engaged with either pistol or shot
- 1 Gong that must be engaged with both pistol and slug
- 2 Skinny Sammies that may only be engaged with rifle
- 2 Auto-poppers that may only be engaged with rifle

Start:

Standing anywhere within shooting area with loaded shotgun at low ready, safety on. Rifle slung, with bolt forward on an empty chamber and completely unloaded. Pistol holstered, with magazine inserted, and slide forward on an empty chamber.

Procedure:

Engage knock-down steel with pistol and/or shot only and engage the gong with 1 slug and 1 round from pistol in any order. Engage the Skinny Sammies and auto-poppers with rifle through ports in wall only. . Each gun must be grounded safely in supplied appropriate bunker before loading the next.

Hornady® engineers discovered that all commonly used polymer tips melt, leading to both BC and accuracy loss. To counter this effect, Hornady developed the revolutionary new Heat Shield™ tip. This heat resistant tip delivers exceptionally consistent results that **CAN'T BE ACHIEVED BY ANY BTHP.**

EXTREMELY LOW DRAG MATCH BULLETS

- Revolutionary Heat Shield™ Tip
- Highest-in-class BCs (over entire trajectory)
- Accurate, Doppler radar verified BCs (corrected back to standard atmosphere)
- Highest degrees of accuracy and consistency (bullet-to-bullet/lot-to-lot)
- Streamlined secant ogive and optimum boattail design
- AMP® Bullet Jackets

Hornady

800.338.3220 | HORNADY.COM

The new Heat Shield™ tip creates the perfect meplat and outperforms BTHP bullets.

Available as component bullets or in factory-loaded Match[®] ammunition.

FN X-45
TACTICAL | \$1349 MSRP

In 1897, firearms legend John Browning partnered with FN. Ever since, we've crafted battle-hardened firearms that have defended freedom around the world. That same backbone and innovation go into our formidable FN X-45 Tactical: a virtually indestructible, polymer-framed, hammer-forged, double-action .45 ACP. It features a threaded barrel, raised night sights, tapped slide for optional red-dot sight, fully ambidextrous controls, a polished chamber and feed ramp, and a grip angle providing unmatched natural point of aim. Complete with three 15-round magazines and soft case.
